Gregory uses the chronological political history of the empire as a narrative frame, but balances politics with a consideration of social and economic life and the rich culture of Byzantium. Visual documents, such as photographs of art and architecture, are used alongside the text to illustrate discussions about life in the Byzantine Empire.

With these two sentences in the back of my mind, I could get a better grasp of how and where the Byzantine empire fits in the annals of world history and gave me a better understanding of some of the driving forces behind the social and political trends in Byzantine society. The author starts his story more than a century before the founding of Constantinople - with the crisis of the 3rd
