A History of Economic Thought by William J. Barber In a way that William J. Barber's 'A History of Economic Thought' is 25 years old now works in its favour. Sure, economics has been forced to move on considerably in that quarter of a century, but Barber was free to write about the theories and exponents that he covers without having to involve himself in the minutiae of what was going on at the time. Indeed, Barber ends his history with John A History of Economic Thought: William J. Barber ...
