[Capitalism - Its Origins and Evolution as a System of ...](#)
Rejecting the simple definition "capitalism = actions of
firms in markets," Harvard's Bruce R. Scott offers instead
a conception of capitalism as a three-level system akin to
organized sports, in which games (markets) are conducted
according to rules administered by referees (regulators),
which in turn are shaped and directed by sports' governing
bodies (political authorities). Tracing the

In The Press. Professor Scott presents the development of
capitalism as a political process, the result of conflicts
among social actors, with capitalists and government
officials as the main actors.

Bruce Scott the author of the book taught me an extensive
course about the governance at Harvard, his book was the
first reference for the class, he believes for any successful
nation there are only two systems of governance,
Capitalism and Democracy operating parallel in partially
distinct domains, these systems rely on indirect
governance

I just finished reading The Concept of Capitalism by prof.
Bruce Scott and passed the book as a "must read" to my
immediate family that includes two MBAs and a
professional engineer. I simply cannot imagine a better
time to read this book than now, i.e. after having witnessed
the horrors of a fiscal near-collapse in the U.S. in the fall
2009 and its consequences. When in the past I thought

Capitalism: Its Origins and Evolution as a System of ...
Review of Bruce R. Scott's "Capitalism" Bruce Scott's "Capitalism" book is a timely critique of US style Capitalism and Democracy. The book argues that Capitalism is above all a system of governance, which means that it can be misgoverned.
