Democracy by Force by Karin von Hippel - Cambridge Core

The interventions of the 1990s were greeted first with optimism, quickly followed by wide-spread disillusionment. The great merit of this book is that it provides a sober and detailed analysis of both the problems of using force in support of democracy and the achievements.

Democracy by Force: US Military Intervention in the Post ...

Democracy by Force examines four incidents of U.S. military intervention since the end of the Cold War and the aftermath of each, focusing mostly on planning and execution, as opposed to the strictly military elements. In the fashion of such books, there are six chapters: an introduction, a

"Von Hippel's volume is an important contribution to the literature on intervention in so-called "failed states." The work focuses on an assessment of postintervention nation-building activities specifically US-led efforts to nurture democracy following the military operations in Panama, Somalia, Haiti, and Bosnia. Importantly, von Hippel places the analysis in the context of past US nation
