Austria: Selected Issues - International Monetary Fund

...

Austria's federal system comprises the federal government and nine provinces (Länder). The federal system is rather centralized by international standards, with the federal government (including social security funds) accounting for about 70 percent of general government spending, the provinces accounting for 17 percent, and municipalities

Peru : Selected Issues : IMF Staff Country Reports:

Peru ...

This Selected Issues paper focuses on policies to promote high, sustainable growth in Peru, the risks posed by dollarization, and key medium-term fiscal issues of decentralization and social security reform. The paper identifies the main impediments to output and employment growth and proposes steps to remove them. It uses a balance sheet

France: Selected Issues - International Monetary Fund

...

U.S. shocks explain a large part of French output common components. This paper analyzes the economic implications of two alternative welfare financing reforms: a reduction in payroll taxes funded by an increase in consumption taxes, and the other funded by a new levy on business value added. The importance of financial market constraints and
