History and Theory in Anthropology by Alan Barnard
Information. Anthropology is a discipline very conscious
of its history, and Alan Barnard has written a clear,
balanced and judicious textbook that surveys the historical
contexts of the great debates and traces the genealogies of
theories and schools of thought. It also considers the
problems involved in assessing these theories.

History and Theory in Anthropology: Alan Barnard ...
Anthropology is a discipline very conscious of its history.
Alan Barnard has written a clear, detailed overview of
anthropological theory that brings out the historical
contexts of the great debates, tracing the genealogies of
theories and schools of thought. His book covers the
precursors of anthropology; evolutionism in all its guises;
diffusionism and culture area theories; functionalism and
structural-functionalism; action-centered theories;
processual and Marxist perspectives; the many

Social Anthropology and Human Origins by Alan Barnard

Barnard argues that social anthropological theory has much to contribute to our understanding of human

evolution, including changes in technology, subsistence and exchange, family and kinship, as well as to the study of language, art, ritual and belief. This book places social anthropology in the context of a widely-conceived constellation of anthropological sciences. It incorporates recent
