The Howling Legion is the second in the "Skinners" series by Marcus Pelegrimas. Skinners refers to the group of people who are trying to fight off the things that go bump in the night and who occasionally skin their prey to make use of the rugged fur. review 1: The second in the series holds up really well to its predecessor, and promises a lot more from the intrepid duo. Its full of action, and I mean choca-block full of it, but it still manages to contain character development, deep character interactions (the whole will they won't they) and humour to boot.
