This study is premised at studying the effectiveness of personal income tax collection by obtaining responses from revenue official of the State Board of Internal Revenue. Thus, the study was restricted to also identifying the possible causes of ineffective tax system and the possible ways of ensuring an effective tax system in the state. The research covers a period of ten years (from 2001 to

[Impact of E-Commerce on Allocation of Tax Revenue between ...](#)

Abstract. The advent of digital technology increases productivity, and will as a whole, make the world better off. Nevertheless, advanced countries have suggested an increase of their share in inter-jurisdictional allocation of revenue, justifying their position with the rhetoric tax neutrality and residence jurisdiction.
