Macular Degeneration | Philip L. Penfold | Springer
Macular Degeneration: Science and Medicine in Practice provides a unique overview of current thinking in the pathogenesis, incidence and treatment of AMD. It includes, for the first time, a synthesis of the views of the world's leading scientists and practitioners regarding retinal biology; basic
Philip L. Penfold, Jan M. Provis: Macular degeneration ...
The Australian editors Penfold and Provis have proved that it is possible, not only because the genetics and therapy of age-related macular degeneration are fast moving scientific fields but also because the editors could motivate basic scientists and clinicians to contribute to this work. The result is a hardcover book with a total of ten chapters and 200 pages.
