Refabricating Architecture: How Manufacturing ...

This book is the result of Stephen Kieran & James Timberlake's Latrobe Fellowship funded comparative study between the processes utilized by the aerospace, automobile, and shipbuilding industries and those of the building industry (beginning in 2001).

refabricating ARCHITECTURE : Stephen Kieran - Book Depository

Kieran and Timberlake argue that the time has come to re-evaluate and update the basic design and construction methods that have constrained the building industry

throughout its history. They skillfully demonstrate that contemporary architectural construction is a linear process, in both design and construction, where segregation of intelligence and information is the norm. They convince the
