[The River We Have Wrought: A History of the Upper Mississippi](#)

The sweeping history of the upper Mississippi-and how it's been changed by human intervention. The River We Have Wrought is a landmark history of the upper Mississippi, from early European exploration through the completion of a navigable channel and a system of locks and dams in the mid-twentieth century.

The River We Have Wrought is a landmark history of the upper Mississippi from early European exploration through the completion of a navigable channel and a system of locks and dams. John Anfinson examines how politics has shaped the landscapes of the Upper Midwest and how taming the Mississippi has affected economic sustainability, river ecology, and biological diversity.
