The Ruptures of American Capital by Grace Kyungwon Hong ...

The Ruptures of American Capital demonstrates that racialized immigrant women's culture has brought to light contested modes of incorporation into consumer culture. Interweaving discussion of U.S. political economy with literary analyses (including readings from Booker T. Washington to Jessica Hagedorn) Hong challenges the individualism of the United States and the fetishization of difference.

The ruptures of American capital | SpringerLink

Universality is a dangerous concept, says Grace Kyungwon Hong, one that has contributed to the rise of the US nation-state that privileges the propertied individual. This book addresses the shifts in US capital, from the national era to the global, from the nationalist mode of universality, to transnational modes in the form of a commodified fetishization of diversity.
