The Blonde of the Joke turns a dull suburban landscape into a mythical place, full of treasure, inner demons, and transformations. Bennett Madison is one of the best YA writers around and this is his sharpest book to date.

(Maureen Johnson, author of Suite Scarlett and 13 Little Blue Envelopes)

Francie, the gorgeous blonde who is also a little "off", and Val, who fades into the background more often than not. Francie is a little psycho (as is her mother), and Val's brother is dying (but of what we're not sure.) I didn't hate this book, I mostly just felt like I could've gone without reading it and been okay.

And just like that, the blonde and the brunette become partners in crime. Thanks to Francie, Val is suddenly taking risks, taking charge, and taking what she deserves. But as the stakes get higher, Francie and Val find themselves more and more tangled in a thrilling web of love, lies, and shoplifting.

review 1: It's scary how emotionally involve I got in this book. Not even in a fun sort of way, but more like I was looking down upon an awful situation with no way to help.

The Blonde of the Joke is a story of Valentina Martinez and her journey of self-discovery over her freshman year at Sandra Dee High. To start, Val is the typical loner almost all characters in YA novels are: Friendless, invisible, irritating mother, pretty much fading into the background of a typical suburban malaise.
