Bulmer-Thomas's third update of *The Economic History of Latin America since Independence* is the essential, even canonical, guide for a region of the world long dominated by commodities and their export.

[The Economic History of Latin America since Independence ...](#)

"Bulmer-Thomas's third update of *The Economic History of Latin America since Independence* is the essential, even canonical, guide for a region of the world long dominated by commodities and their export. Scrupulously detailed and balanced, the book outlines Latin America's largely disappointing growth record without discounting the region's economic variety, historical achievements, and social

[The Economic History of Latin America since Independence ...](#)

Victor Bulmer-Thomas wished to write a survey of the economic history of Latin America in the two centuries since the region achieved independence. In the goal he has succeeded admirably. In the goal he has succeeded admirably.

[The Economic History of Latin America Since Independence ...](#)

A comprehensive balanced portrait of the factors affecting economic development in Latin America, first published in 2003.

[Victor Bulmer-Thomas - Wikipedia](#)

Victor Bulmer-Thomas. In 1975 he graduated with a PhD from St Antony's College, Oxford, with an original dissertation on Costa Rica where he pioneered the concept of constructing databases from primary sources and applying them to Latin American economic history. While at university, he became involved in left-wing student politics.

"Victor Bulmer-Thomas wished to write a survey of the economic history of Latin America in the two centuries since the region achieved independence. In the goal he has succeeded admirably." *American Historical Review*

**The Economic History of Latin America Since Independence ...**

Bulmer-Thomas addresses the old conundrum: despite the region's abundance of natural resources and a favorable land-to-labor ratio, why hasn't a single Latin American republic become a developed country, and why are external influences preeminent, after almost two centuries free from colonial rule.

**Victor Bulmer-Thomas (Author of The Economic History of ...)**

Victor Bulmer-Thomas is professor emeritus at the University of London, honorary professor of the Institute of the Americas, University College London, and associate fellow in the U.S. and Americas Program, Chatham House, where he was Director from 2001 to 2006.

**The Economic History of Latin America since Independence ...**

Bulmer-Thomas develops a clear and compelling case for Latin America's failure to achieve high levels of economic growth and equality, illustrating how productivity gains and exports in natural resource sectors were never translated into gains in non-primary product sectors.
