international assessment and review (IAR) of greenhouse gas (GHG) emissions and removals relating to emissions reduction targets, and enhance guidelines for review of national communications, including biennial reports, for developed countries.

International Energy Agency (IEA) | Department of Energy

The International Energy Agency is an international energy forum comprised of 29 industrialized countries under the Organization for Economic Development and Cooperation (OECD). The IEA was established in 1974, in the wake of the 1973-1974 oil crisis, to help its members respond to major oil supply disruptions, a role it continues to fulfill today.
