Hume's views in The Natural History of Religion generally exemplify the mood of philosophers at the outset of religious studies. Other authors will share his view of the irrationality of religion (including Freud, and to a perhaps lesser degree, Durkheim). Essentially all of the early scholars of religion will share Hume's hierarchical approach to religion(s), with bloody political consequences.

[The Natural History of Religion, by David Hume : Introduction](#)

The Natural History of Religion was published by Hume at the beginning of 1757, after his reputation had been established by his earlier Essays and the first two volumes of his History of England . It is the one of his works which most explicitly asserts his Deism; but on account of its rationalistic treatment of concrete religion in general, which only nominally spared

David Hume: A Dissertation on the Passions; The Natural ...

David Hume (1711-1776) is one of the greatest of

philosophers. Today he probably ranks highest of all British philosophers in terms of influence and philosophical standing. His philosophical work ranges across morals, the mind, metaphysics, epistemology, religion, and aesthetics; he had broad interests not only in philosophy as it is now
